Day: _____ Ring _____ Time _____

Paid \$: _____ Recieved _____

ActionPix provides a large number of photos available at a low cost as digital files on a CD/DVD.

We will photograph the performance. The number of photographs will depend on the conditions. The photo's will not be individually edited - there may be some back views, out of focus or bad pictures, but there will be plenty of good images to choose from.

Your photos will be in JPEG format, suitable for printing pictures up to 8" x 12". For best results, we recommend that you get your photos printed at a high quality photo lab versus a discount outlet. The pictures can be posted to the web, used in email and you may duplicate the DVD.

ActionPix Photography retains Copyright to all images but grants customers a License for unlimited personal use. If we cannot produce your disk at the event, it will be mailed to you within 10 days of the tournament.

Guarantee: If we cannot take your photos as described, we offer a full refund.
